

Cover note for H&R suspension check/ repair

Your contact details

Name: _____

Address: _____

Phone: _____ E-mail: _____

Your contact person at H&R: _____

Delivered parts:

Part no.	Quantity	product description

Request: repair / modification / other requests / remark

When submitting your H&R suspension be sure the completed form is in the parcel.

When submitting your H&R suspension be sure the completed form is in the parcel.
Please note that the processing of your request is solely possible with the completed form. Following our examination you will receive a cost estimate, provided a revision is technically possible and makes sense.

Our general first examination is free of charge. Your consent / confirmation is required to have us repair anything.

Alternatively your suspension parts will be returned to you without any revision.
In this case you will solely have to bear the shipping cost.

Outside Germany, please contact your importer (local dealer) for any queries and the handling of your suspension products. You can find a list of our importers here: <https://www.h-r.com/en/worldwide/>
